

EXTERIOR PAINT

AN HONEST PAINT PRICE, LOCKED AT THE WALKTHROUGH.

THE NUMBER IS THE NUMBER.

Exterior paint priced up front — **no salesperson, no pressure, no guesswork**. Our AI-pricing ladder gives you a real range in about a minute, then tightens it to a locked number at the walkthrough.

1

Instant, honest pricing

60-second estimate ($\pm 15\%$) → **photo refine ($\pm 8\%$)** → **walkthrough LOCKED**. The price you see is built from real local cost, not a sales quota.

2

Prep that lasts in the PNW

We wash, scrape, prime, and caulk before a drop of color goes on. In the Northwest, the prep is the paint job — so that's where the work goes.

3

Documented, crew-visible work

A written scope, the exact products and timeline, and a jobsite you can see. Real prices, real jobs — no filler.

1

60-SEC ESTIMATE

A quick intake gives you an honest starting range.

2

PHOTO REFINE

A few photos tighten the number to $\pm 8\%$.

3

WALKTHROUGH LOCK

We walk it together and lock the final price.

4

PAINT & DONE

Prepped, painted, and cleaned up — documented start to finish.

AI estimate · no salesperson · walkthrough-locked. You get a transparent number and a clear scope before any work begins — the way pricing should work.

Xactimate-licensed scope · IICRC S500 / S520 / S540 · WA GC PROLISN776L6 · 4.98★ across 42 verified Google reviews · In business since 2020.
